

February is Heart Month!

February isn't just a time for the giving of heartfelt Valentines, roses and chocolates - this month marks the annual reminder to evaluate your REAL heart - to take stock of its health and how your lifestyle choices may *or may not* be supporting it.

As the primary cardiac service provider for Waterloo Region and beyond, St. Mary's Regional Cardiac Care Centre takes a genuine interest in the heart health of this community. Our dedicated staff of diagnostic technicians, nurses, physicians, surgeons and rehabilitation professionals encourage you to:

- Speak with family members to determine your hereditary risk
- Discuss your heart health profile with your physician
- Evaluate your lifestyle to identify opportunities to improve your heart health
- Ensure you and family members know what to do in case of a cardiac emergency

Ensuring Equitable and Seamless Cardiac Care Across Waterloo Wellington

- ♥ Learn how cardiac services will be expanded at St. Mary's and beyond
- ♥ Get an update on advanced heart rhythm services coming next year
- ♥ Hear why St. Mary's is among top Canadian cardiac centres for patient outcomes

Heart Month Session - Reserve Your Seat

Heart Month **Bruce-a-thon**

DID YOU KNOW? The treadmill exercise test used to evaluate cardiac function is called the "Bruce Protocol". Participants work to complete exhaustion as the treadmill speed and incline is increased every three minutes. The total length of time achieved is the final test score!

This heart month, the staff at K-W Cardiopulmonary Services (CPS) are getting a taste of their own medicine as three teams compete in a Bruce Protocol championship!

David Chilton

Former "Dragon" on CBC's Dragons' Den & Bestselling Author of "The Wealthy Barber"

Whether it's helping millions of Canadians achieve personal financial success or investing in low-fat cookbooks, Dave has always had a knack for recognizing great ventures, a skill he leveraged as a "dragon" on CBC television's #1 hit show, Dragons' Den.

David Chilton is an economics graduate from Wilfrid Laurier University. In 1985, he won the award for the highest mark in the country on the Canadian Securities Course. Cheating was never proven but widely suspected. In 1989, he released *The Wealthy Barber*. It went on to sell an astonishing two million copies in Canada, and his latest book, *The Wealthy Barber Returns*, is also a runaway Canadian bestseller.
